

## **Italian for Tourists**

Elisa Vesanen

We will learn basic Italian for the needs of a traveller so that you can put it into use on your first trip to Italy. We will practice how to speak and live in the Italian way: you will learn how to greet people, how and what to order in a café, how to ask for directions and find out about opening hours. You are welcome to join a virtual trip to Rome!

Teaching languages: Finnish and Italian.
